Introduction

Summer is just around the corner and parents are beginning to think about what activities will be available to offer their children for the summer as well as throughout the year. This familiar task is often a little more challenging for families of children with disabilities. In fact, individuals with disabilities may benefit from recreational opportunities throughout the year.

The State Support Team Region 3 (SST3) offers the 2017 Summer and Beyond Directory as a resource to parents, family members and school district personnel about extended opportunities around the Cuyahoga County area. Please visit our website www.esc-cc.org throughout the summer for updates to our directory.

The information in this directory is meant to be used as a reference and should not be considered comprehensive or an endorsement of any program or product. We do not make recommendations concerning the quality of these programs and strongly encourage readers to call the contact persons listed for clarification and explanation of their programs. Please visit our website www.esc-cc.org throughout the year for updates to our directory.

You may also contact your local community recreation departments, schools, county library branches, YMCA, YWCA, Scouts of America, and local cultural arts and entertainment centers for additional programs or activities.

Keep this book handy for NEXT YEAR’S planning!

EXCEPTIONALITIES
DEFINITIONS AND CODES

Included in each program descriptor there is a Population Served Code. The following will assist you in defining what special needs population is being served. These definitions have been taken directly from Ohio Department of Education’s 2014 Operating Standards for Ohio’s Educational Agencies Serving Children with Disabilities

### EXCEPTIONALITY DEFINITIONS AND CODES

<table>
<thead>
<tr>
<th>Code</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>AUT</td>
<td>AUTISM – means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age 3, which adversely affects a child’s educational performance.</td>
</tr>
</tbody>
</table>
| ED  | EMOTIONAL DISTURBANCE – means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree that adversely affects a child’s educational performance.  
- An inability to learn that cannot be explained by intellectual, sensory, or health factors;  
- An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;  
- Inappropriate types of behavior or feelings under normal circumstances;  
- A general pervasive mood of unhappiness or depression; and  
- A tendency to develop physical symptoms or fears associated with personal or school problems.  
  The term includes schizophrenia. It does not apply to children who are socially maladjusted, unless it is determined that they have an emotional disturbance. |
| HI  | HEARING IMPAIRMENT – means an impairment in hearing, whether permanent or fluctuating, that adversely affects a child’s educational performance but that is not included under the definition of deafness.  
  Deafness - means a hearing impairment that is so severe that the child is impaired in processing linguistic information through hearing, with or without amplification, and that adversely affects a child’s educational performance. |
<p>| ID  | INTELLECTUAL DISABILITY - means significantly sub average general intellectual functioning, existing concurrently with deficits in adaptive behavior and manifested during the developmental period that adversely affects a child’s educational performance. |
| OI  | ORTHOPEDIC IMPAIRMENT – means a severe orthopedic impairment that adversely affects a child’s educational performance. The term includes impairments caused by congenital anomaly (e.g., clubfoot, absence of some member, etc.), impairments caused by disease (e.g., poliomyelitis, bone tuberculosis, etc.), and impairments from other causes (e.g. cerebral palsy, amputations, and... |</p>

<td>fractures or burns that cause contractures).</td>
</tr>
<tr>
<td>OHI</td>
<td>OTHER HEALTH IMPAIRMENT – means having limited strength, vitality or alertness, including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, that is due to chronic or acute health problems such as asthma, attention deficit disorder or attention deficit hyperactivity disorder, diabetes, epilepsy, a heart condition, hemophilia, lead poisoning, leukemia, nephritis, rheumatic fever, and sickle cell anemia, and adversely affects a child’s educational performance.</td>
</tr>
<tr>
<td>SLD</td>
<td>SPECIFIC LEARNING DISABILITY – means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. The term does not include learning problems that are primarily the result of visual, hearing, or motor disabilities; of mental retardation; of emotional disturbance; or of environmental, cultural, or economic disadvantage.</td>
</tr>
<tr>
<td>S/LI</td>
<td>SPEECH OR LANGUAGE IMPAIRMENT – means a communication disorder, such as stuttering, impaired articulation, language impairment, or voice impairment that adversely affects a child’s educational performance.</td>
</tr>
<tr>
<td>TBI</td>
<td>TRAUMATIC BRAIN INJURY – means an acquired injury to the brain caused by an external physical force, or by other medical conditions, including but not limited to stroke, anoxia, infectious disease, aneurysm, brain tumors and neurological insults resulting from medical or surgical treatments. The injury results in total or partial functional disability or psychosocial impairment or both, that adversely affects a child’s educational performance. The term applies to open or closed head injuries, as well as to other medical conditions that result in acquired brain injuries. The injuries result in impairments in one or more areas such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual, and motor abilities; psychosocial behavior; physical functions; information processing; and speech. The term does not apply to brain injuries that are congenital or degenerative, or to brain injuries induced by birth trauma.</td>
</tr>
<tr>
<td>VI</td>
<td>VISUAL IMPAIRMENT INCLUDING BLINDNESS – means an impairment in vision, that even with correction, adversely affects a child’s educational performance. The term includes both partial sight and blindness.</td>
</tr>

Descriptor: AFFC offers an exciting experience for campers with special learning needs in a
structured setting. Campers gain new perspectives on learning while developing social skills,
building self-esteem, playing non-competitive sports and improving basic reading and math skills.
We encourage “kids to just be kids” during camp.

At this “un-school” camp, instructors and aides use systematic instruction and multi-sensory
techniques (eyes, ears, touch and muscle movement) to improve campers’ basic reading and math
skills. Science, theater, music and art therapy, and martial arts, and other activities encourage
campers to explore the world beyond the traditional classroom. One of the many highlights of
camp is the special Parent Day presentation by our campers. The ratio of campers to staff -- 5:1.

Website: https://koinoniahomes.org

Descriptor: Koinonia serves over 200 individuals vocationally. We differ for other agencies by striving to create a plan that is individualized specifically around each person on their personal path to employment rather than just placing people in jobs. We work as a team to get to know each person, meeting them wherever they are on their path, and encouraging them to improve to their highest potential. We offer community integration opportunities beyond our program walls in such areas as: structured volunteer opportunities, paid internships, career exploration, field trips and an array of other options planned to accommodate the needs of each individual served by Koinonia.

Descriptor: Academically, students will reinforce and enrich academic skills in the areas of language arts, reading, written expression and mathematics. Organizational skills and strategies are also embedded in the learning process. Classes are structured and non-graded, with an average teacher-to-student ratio of 1:8. Socially, students are empowered to broaden friendships, increase self-esteem, and see learning as fun. Through positive reinforcement and a structured, comfortable environment, students experience academic success – some for the first time. Furthermore, the curriculum is aligned to support requirements under the Third Grade Reading Guarantee. Students do not need to be enrolled in Lawrence School during the school year to take advantage of the program.

Descriptor: Our specialty is helping children in all grades struggling in a subject or course. We have skilled tutors for all subjects in all grades. And we specialize in multi-sensory systematic reading and math instruction.

When students fall behind, schools and parents sometimes find themselves in bitter meetings point fingers and blaming one another. Often we can help resolve these “sticky” situations with our neutral understanding of both sides of the issues. Our goal is to turn these challenges into academic successes.

With 31 years’ experience, North Coast Tutoring provides answers, solutions, and tutors. We provide customized learning plans for each student.

All tutoring is done in your home or a nearby public location. We serve seven northeast Ohio counties. We are an Autism and Jon Peterson Scholarship Provider. And, we have many private pay clients.

Descriptor: The Zones of Regulation summer program is a curriculum created to help with emotional control, self-regulation and impulsivity. Emotional categorization is used to help children recognize and develop strategies and tools to regulate their emotional states. The first step is to learn the emotional states associated with each of the four color ‘zones’, and then children learn how to choose the right tools for self-regulation.

Being together in a group allows the children to share their ideas for tools. This also allows for a more collaborative environment. The Zones of Regulation requires practice in varied environments to be most effective, and allowing the children to work together helps each child apply the Zones to his or her life.

The Galvin Therapy Center, Northeast Ohio’s Premier Multidisciplinary Intervention Specialists will mark its 23rd year, offering activity/language based social skills programs, groups and intensives for toddlers to teens.

Descriptor: AFFC offers an exciting experience for campers with special learning needs in a structured setting. Campers gain new perspectives on learning while developing social skills, building self-esteem, playing non-competitive sports and improving basic reading and math skills. We encourage “kids to just be kids” during camp.

At this “un-school” camp, instructors and aides use systematic instruction and multi-sensory techniques (eyes, ears, touch and muscle movement) to improve campers’ basic reading and math skills. Science, theater, music and art therapy, and martial arts, and other activities encourage campers to explore the world beyond the traditional classroom. One of the many highlights of camp is the special Parent Day presentation by our campers. The ratio of campers to staff -- 5:1.

Descriptor: The ultimate goal of our adaptive dance program is to mainstream our dancers into a traditional dance class. The benefit to these classes is the low teacher to student ratio (2:4-8). Skills taught in these classes are the same as a typical dance class, but are tailored to each dancer’s unique needs and abilities in order to provide the most successful learning environment. Dancers have the opportunity to perform in our informal (late April/May) and formal (June) dance recitals. Various styles of dance classes available.

An individual assessment is required for any new student requesting an individual lesson or class at our North Royalton location.

Descriptor: AFFC offers an exciting experience for campers with special learning needs in a
structured setting. Campers gain new perspectives on learning while developing social skills,
building self-esteem, playing non-competitive sports and improving basic reading and math skills.
We encourage “kids to just be kids” during camp.

At this “un-school” camp, instructors and aides use systematic instruction and multi-sensory
 techniques (eyes, ears, touch and muscle movement) to improve campers’ basic reading and math skills. 
Science, theater, music and art therapy, and martial arts, and other activities encourage
 campers to explore the world beyond the traditional classroom. One of the many highlights of
 camp is the special Parent Day presentation by our campers. The ratio of campers to staff -- 5:1.

Descriptor: Adapted sports are competitive sports for individuals with disabilities. While the adapted sports often parallel existing sports played by able-bodied athletes, there may be some modifications in the equipment and rules to meet the needs of the participants.

In order to form competitive teams, disabilities are generally identified into broad groups such as physical, cognitive/developmental delays or both. This allows children to compete against players with their same skill level.

Descriptor: Adaptive Sports for Kids (A.S.K.) is a non-profit, 501-(c) (3) organization. A.S.K. was formed in December, 2011. Our goal is to give children and young adults with special needs the opportunity to play sports they may not otherwise be able to play, all at no cost to them. Each child is partnered with a "buddy" volunteer who will help their player with whatever they need; whether it's batting, running, pushing their wheelchair, or just playing in the dirt with them. This way all of our parents can sit down, relax, and watch their child play sports. If you would prefer to be your child's buddy, that is ok with us too! ASK provides a seasonal sports program that includes baseball, basketball, volleyball, bowling and social dance.

Descriptor: The FIT program is a social skills program that offers all children a chance to make friends in a fun, movement-based environment. At FIT, children learn valuable social thinking, conversation, and self-regulation skills: the tools for connecting with peers and forming friendships. We believe strongly that children learn by doing, which is why we present lessons in a short, direct format and then jump into cooperative games and gross motor activities for practice. We also know the value of slowing things down to really focus on a particular social skill and giving children feedback about their performance. That’s where the “halftime discussions” come into play. We include typical children in all of our activities because we know children learn best from their peers. The FIT programs are providers for Autism Scholarship and Jon Peterson Scholarship. We also accept family resource dollars. Check out our video on our YouTube channel at FIT: Friendship In Teams.

We do this by building a customized plan and elite team to be a resource throughout their life and their child's life.
Descriptor: Special Olympics Ohio/Greater Cleveland is an organization who provides sports training and competition opportunities for individuals with developmental disabilities residing in Cuyahoga, Geauga, Lake, and Lorain Counties.

To be eligible for Special Olympics, an athlete must be:

- an individual who is intellectually or developmentally challenged;
- eight years old or over (ages 5 – 7 may be in training programs);
- have a valid application for participation and release form on file; and
- be a member of an accredited local Special Olympics organization.

Training is a major aspect of Special Olympics and very important because in Special Olympics, victory is secondary to striving toward one’s own athletic potential and reflected in the Special Olympics oath: “Let me win, but if I cannot win, let me be brave in the attempt.”
