Ohio's Provider Report Card

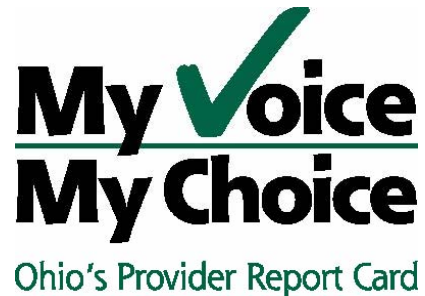

Cuyahoga County

Norwich Consulting Services, Ltd.

P.O. Box 21774 – Columbus, OH 43221 - (614)771-7831

Mission Statement

Giving people with developmental disabilities and their families a voice in making a choice that will support them in having a better life.

Guiding Principles

- We believe all people have a voice and a right to be heard.
- We respect and value diversity, honesty and integrity.
- We will strengthen services and improve lives through partnerships and working together.
- We are committed to creating a user-friendly report card.
- The report card will be fair, based on consumer input, to help families and individuals make an informed choice.
- The results of the report card will be public, individual input will be kept private.

NOTES ABOUT THE REPORT CARD RESULTS . . .

To be listed in this report:

- Provider must serve at least 6 individuals
- Providers must have provided services for at least 6 months in the county
- Individuals must have received services from the provider for at least 6 months in order to participate

To list guardian and individual responses separately:

- For each provider, at least 6 individuals and at least 6 guardians must have responded to the report card

Provider Response:

- Providers are given the report card results 10 days prior to publication. Please contact the provider for information about their response to this report card.

Caution:

- Some counties and providers have low response rates from individuals and guardians. Low response rates can be from guardians failing to return guardian report cards and/or individuals being absent or otherwise unable to participate when interviews are conducted. Be careful when reading results from low numbers of people. These survey data may not be as accurate as survey data from larger numbers of people.
- Results for a provider will be published if 33% or more of individuals receiving services or their guardians respond.

All providers in each county may not be listed. For a complete list of providers in your county, please contact your local County Board of MRDD or the Ohio Department of Mental Retardation and Developmental Disabilities at www.odmrdd.state.oh.us

The grades assigned by this report should not be construed as a measure of the provider's compliance with applicable federal, state and local rules and regulations pertaining to the operation of its programs.
